NOS ENGAGEMENTS RSE MOBILIER

DES PRODUITS PENSÉS POUR DURER

Chez Grosfillex, nous concevons un mobilier pensé pour durer et limiter au mieux son impact sur l'environnement :

- **Fabrication responsable** : une production majoritairement en France et en Europe.
- **Qualité renforcée** : résistance aux chocs, aux UV, aux intempéries et à la corrosion selon les matériaux. Tous nos produits sont testés en interne et en laboratoire indépendant.
- **Facilité** : nos produits nécessitent peu ou pas de produit d'entretien.
- **Réparabilité** : disponibilité de pièces détachées pour prolonger la durée de vie des produits et limiter le gaspillage.

OUR CSR COMMITMENTS FURNITURE

DESIGNED TO LAST

At Grosfillex, we design furniture built to last while minimizing its impact on the environment:

- **Responsible manufacturing**: production mainly in France and Europe.
- **Enhanced quality**: resistant to shocks, UV rays, weather conditions, and corrosion depending on the materials. All our products are tested in-house and by independent laboratories.
- **Ease of use**: our products require little to no maintenance products.
- **Repairability**: availability of spare parts to extend the lifespan of the products and reduce waste.
